## NEED TO REDUCE FUEL BILLS?

### "Save Thousands in Fuel Costs"

Diesel Fuel prices are out of control. Put money back in your pocket and increase your bottom line. Using Conklin's Diesel Plus® is an easy way to help your truck run more efficiently.

- Increases mileage 10%\*
- Cleans entire fuel system
- Lowers gel point by 35 F
- Contains soy for injector lubrication

**CONKLIN**

*Guaranteed to improve  
the performance of your  
over the road truck!*

*"I've been using Diesel Plus® for over a year in my 1995 Peterbilt with a 3406E CAT engine with results of a minimum of an added .25 mpg. I had forgotten how much this was saving me until I ran out of Diesel Plus® for a couple of weeks. My average mileage with Diesel Plus® was 5.25 mpg consistently. Without Diesel Plus™ I was running a flat 5 mpg. Running just 2500 miles per week my net savings, after deducting the cost of Diesel Plus® is \$2,852.72 based on \$2.70/gallon fuel prices. It really pays to use Diesel Plus! Running 2 weeks without Diesel Plus® cost me \$ 109.72. Thanks, CONKLIN, for this great product."*
